

Upcoming information drop-in session

The project team is holding a drop-in information session for local residents to answer questions about the next stage of the Highett project. No formal presentation will be given, so please drop in anytime during the scheduled time below to meet the project team and find out more.

When: Wednesday, 13 September 2017

Where: Highett Neighbourhood Community House, 2 Livingstone Street, Highett

Timing: 5.00pm – 8.00pm

Details: CSIRO is about to undertake the final phase of building demolition at its Highett site. All buildings will be removed over a 12 month period in a safe and professional manner. To minimise inconvenience to local residents the majority of the work will be undertaken during business hours. The project team has been working with the local council to ensure minimal removal of vegetation occurs during the works with a particular emphasis on the 3ha of land identified for conservation space at the southern end of the site. The community is encouraged to attend the session and meet the team who will be leading the project.
