

# CSIRO Belmont Update

## FEBRUARY 2021

Welcome to our latest update about the site remediation works at Belmont.

### TREE PRUNING AND REMOVAL

CSIRO advises Belmont residents that tree pruning and removal works will take place at the CSIRO Belmont site on Saturday 20 February 2021. The works will commence around 8am and will include pruning and some removal of trees on the Henry Street (north side) and Highway (east side) boundaries. The work should be completed within the day, however it may extend into the following week, depending on progress on the day. All works will be completed by the end of February 2021.

The tree works arise from an arborist inspection of the condition of trees on the site, conducted in November 2020. The arborist highlighted a significant number of trees that require pruning to remove vegetation overhanging pedestrian paths and to improve the health of trees. Further, the arborist identified about 30 trees that are in very poor health or already dead and should be removed for public safety as well as to improve the conditions for surrounding trees.

The pruning and removal work will be undertaken by licensed tree contractor 'Got me Stumped' with pedestrian and vehicle traffic management by Programmed Property Services.

### WATER MANAGEMENT WORKS

Enviropacific Services (EPS) completed water management works on site in December 2020. The work included construction of new swale drains to contain and manage water on the site during heavy rain events.

The water management was the final task for EPS to complete their contract work on site. EPS will attend the site over the next 12 months to rectify any defects to their site works, including the water management.

### KEEPING YOU INFORMED

CSIRO will provide further community updates as we have further news. These updates will continue to be available on our community website: <https://wp.csiro.au/belmontworks/>

If you have any questions or concerns, please contact us on 1300 363 400 (9am-5pm Monday - Friday), or email us at: [Belmontworks@csiro.au](mailto:Belmontworks@csiro.au)

For more information about the project please contact the project team between 9am and 5pm on 1300 363 400, email [Belmontworks@csiro.au](mailto:Belmontworks@csiro.au) or visit the website <https://wp.csiro.au/belmontworks/>
